- B. The requirements for registering a fetal death certificate are the same as the requirements for registering a death certificate prescribed in section 36-325.
- Sec. 4. Section 36-2152, Arizona Revised Statutes, is amended to read:

```
36-2152. <u>Parental consent; exception; hearings; time limits;</u>
<u>violations; classification; civil relief; statute</u>
<u>of limitations</u>
```

A. In addition to the other requirements of this chapter, a person shall not knowingly perform an abortion on a pregnant unemancipated minor unless the attending physician has secured the written and notarized consent from one of the minor's parents or the minor's guardian or

- 5 -

 conservator or unless a judge of the superior court authorizes the physician to perform the abortion pursuant to subsection B of this section. Notwithstanding section 41-319, the notarized statement of parental consent and the description of the document or notarial act recorded in the notary journal are confidential and are not public records.

- B. A judge of the superior court, on petition or motion, and after an appropriate hearing, shall authorize a physician to perform the abortion if the judge determines that the pregnant minor is mature and capable of giving informed consent to the proposed abortion. If the judge determines that the pregnant minor is not mature or if the pregnant minor does not claim to be mature, the judge shall determine whether the performance of an abortion on her without the consent from one of her parents or her guardian or conservator would be in her best interests and shall authorize a physician to perform the abortion without consent if the judge concludes that the pregnant minor's best interests would be served.
- C. If the pregnant minor claims to be mature at a proceeding held pursuant to subsection B of this section, the minor must prove by clear and convincing evidence that she is sufficiently mature and capable of giving informed consent without consulting her parent or legal guardian based on her experience level, perspective and judgment. In assessing the pregnant minor's experience level, the court may consider, among other relevant factors, the minor's age and experiences working outside the home, living away from home, traveling on her own, handling personal finances and making other significant decisions. In assessing the pregnant minor's perspective, the court may consider, among other relevant factors, what steps the minor took to explore her options and the extent to which she considered and weighed the potential consequences of each option. In assessing the pregnant minor's judgment, the court may consider, among other relevant factors, the minor's conduct since learning of her pregnancy and her intellectual ability to understand her options and to make an informed decision.
- D. The pregnant minor may participate in the court proceedings on her own behalf. The court shall appoint a guardian ad litem for her. The court shall advise her that she has the right to court appointed COURT-APPOINTED counsel and, on her request, shall provide her with counsel unless she appears through private counsel or she knowingly and intelligently waives her right to counsel.
- E. Proceedings in the court under this section are confidential and have precedence over other pending matters. Members of the public shall not inspect, obtain copies of or otherwise have access to records of court proceedings under this section unless authorized by law. A judge who conducts proceedings under this section shall make in writing specific factual findings and legal conclusions supporting the decision and shall order a confidential record of the evidence to be maintained, including

- 6 -

 the judge's own findings and conclusions. The minor may file the petition using a fictitious name. For THE purposes of this subsection, public does not include judges, clerks, administrators, professionals or other persons employed by or working under the supervision of the court or employees of other public agencies who are authorized by state or federal rule or law to inspect and copy closed court records.

- F. The court shall hold the hearing and shall issue a ruling within forty-eight hours, excluding weekends and holidays, after the petition is filed. If the court fails to issue a ruling within this time period, the petition is deemed to have been granted and the consent requirement is waived.
- G. An expedited confidential appeal is available to a pregnant minor for whom the court denies an order authorizing an abortion without parental consent. The appellate court shall hold the hearing and issue a ruling within forty-eight hours, excluding weekends and holidays, after the petition for appellate review is filed. Filing fees are not required of the pregnant minor at either the trial or the appellate level.
- H. Parental consent or judicial authorization is not required under this section if either:
- 1. The pregnant minor certifies to the attending physician that the pregnancy resulted from sexual conduct with a minor by the minor's parent, stepparent, uncle, grandparent, sibling, adoptive parent, legal guardian or foster parent or by a person who lives in the same household with the minor and the minor's mother. The physician performing the abortion shall report the sexual conduct with a minor to the proper law enforcement officials pursuant to section 13-3620 and shall preserve and forward a sample of the fetal tissue to these officials for use in a criminal investigation.
- 2. The attending physician certifies in the pregnant minor's medical record that, on the basis of the physician's good faith clinical judgment, the pregnant minor has a condition that so complicates her medical condition as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create serious risk of substantial and irreversible impairment of major bodily function.
- I. A person who performs an abortion in violation of this section is guilty of a class 1 misdemeanor. A person who intentionally causes, aids or assists a minor in obtaining an abortion in violation of this section is guilty of a class 1 misdemeanor. A person is not subject to any liability under this section if the person establishes by written evidence that the person relied on evidence sufficient to convince a careful and prudent person that the representations of the pregnant minor regarding information necessary to comply with this section are true.
- J. In addition to other remedies available under the common or statutory law of this state, one or both of the minor's parents or the minor's guardian may bring a civil action in the superior court in the

- 7 -

county in which the parents or the guardian resides to obtain appropriate relief for a violation of this section, unless the pregnancy resulted from the criminal conduct of the parent or guardian. The civil action may be based on a claim that failure to obtain consent was a result of simple negligence, gross negligence, wantonness, wilfulness, intention or any other legal standard of care. The civil action may be brought against the person who performs the abortion in violation of this section and any person who causes, aids or assists a minor to obtain an abortion without meeting the requirements of this section. Relief pursuant to this subsection includes the following:

- 1. Money damages for all psychological, emotional and physical injuries that result from the violation of this section.
- 2. Statutory damages in an amount equal to five thousand dollars \$5,000 or three times the cost of the abortion, whichever is greater.
  - 3. Reasonable attorney fees and costs.
- K. A civil action brought pursuant to this section must be initiated within six years after the violation occurred.
- 1. List the possible medical risks that may occur with any surgical, medical or diagnostic procedure, including the potential for infection, blood clots, hemorrhage, allergic reactions and death.
- 2. List the possible medical risks that may occur with a surgical abortion, including hemorrhage, uterine perforation, sterility, injury to the bowel or bladder, a possible hysterectomy as a result of a complication or injury during the procedure and failure to remove all products of conception THE UNBORN CHILD that may result in an additional procedure.
- 3. List the possible medical risks that may occur with a medication abortion, including hemorrhage, infection, failure to remove all products of conception THE UNBORN CHILD that may result in an additional procedure, sterility and the possible continuation of the pregnancy.
- 4. Require the pregnant minor's and the pregnant minor's parent's initials on each page of the form and a full signature on the final page of the form.
- 5. Include a space for the notary's signature and seal on the final page of the form.
- M. The physician must maintain the form in the pregnant minor's records for seven years after the date of the procedure or five years after the date of the minor's maturity, whichever is longer.
